

Swimming pool permit

Procedures

When a customer comes to the Electrical Department with an application for a Swimming Pool Permit your main interest is in the sheet that states "IMPORTANT NOTICE". On the back of the sheet shows a diagram of the property. This should be completed with the project address, drawing of the pool site, side streets and owner information. Once verified follow these procedures:

1. Have customer to answer question on the back of form, under paragraph stating if the power lines are in the front of the property. If they don't know they will have to get the information from either the owner or the pool company.
2. If the power lines are in the front of the property, the customer should answer "yes" to the question, "Are the power lines in the front of the property" and have customer initial it.
3. Then stamp the bottom of the page with "Approved Electrical Plan Review" stamp, stamp the Chief Electrical Signature on the "by" line, date and initial.

WHAT TO DO IF POWER LINES ARE IN THE REAR OF HOME

1. Have customer fill out the "Swimming Pool Pre-Electrical Filing Inspection Form" questions 1-6 and email to Entergy.
2. When Entergy email form back with approval, notify contact person so they can come back to the Electrical Department. Upon their return, write on the back "Powerlines approved by Entergy" and initial. Stamp the bottom of the page with "Approved Electrical Plan Review" stamp, stamp the Chief Electrical Signature on the "by" line, date and initial.

IMPORTANT NOTICE

IN ACCORDANCE WITH SECTION 3109 OF THE INTERNATIONAL
BUILDING CODE:

WHERE A WALL OF A DWELLING SERVES AS PART OF THE BARRIER, ALL DOORS WITH DIRECT ACCESS TO THE POOL THROUGH THAT WALL SHALL BE EQUIPPED WITH AN ALARM WHICH PRODUCES AN AUDIBLE WARNING WHEN THE DOOR AND ITS SCREEN ARE OPENED. THE ALARM SHALL SOUND CONTINUOUSLY FOR A MINIMUM OF 30 SECONDS IMMEDIATELY AFTER THE DOOR IS OPENED AND CAN BE CAPABLE OF BEING HEARD THROUGH THE HOUSE DURING NORMAL HOUSEHOLD ACTIVITIES. THE ALARM SHALL AUTOMATICALLY RESET UNDER ALL CONDITIONS. THE ALARM SHALL BE EQUIPPED WITH A MANUAL MEANS TO TEMPORARILY DEACTIVATE THE ALARM FOR A SINGLE OPENING. SUCH DEACTIVATION SHALL LAST NO MORE THAN 15 SECONDS. THE DEACTIVATION SWITCH SHALL BE LOCATED AT LEAST 54 INCHES ABOVE THE TRESHOLD OF THE DOOR. OTHER MEANS OF PROTECTION WHICH ARE APPROVED BY THE ADMINISTRATIVE AUTHORITY SHALL BE ACCEPTABLE PROVIDED THE DEGREE OF PROTECTION IS NOT LESS THAN THE PROTECTION AFFORDED BY THE ALARM DESCRIBED. THIS IS MANDATORY.
